

"JINGOISM" IS CHARGED BY CHAIRMAN TAWNY

McLachlan Publishes Reply to Head of Appropriations Committee

MAKES STRONG DEMAND FOR EQUIPMENT OF ARMY

Humphries of Washington Tells of the Defenselessness of Pacific Coast

WASHINGTON, Dec. 16.—Replying to the opponents of the publication of the facts contained in the confidential report of Secretary of War Dickinson in relation to lack of war defenses, Representative McLachlan today wrote the following exclusive statement for the United Press, with copyright by James McLachlan:

"Representative Tawney's charge that there is a conspiracy to stampee congress to adopt larger military appropriations is too childish to be taken seriously, yet it carries too dangerous an impression to be overlooked. "Tawney says it is cowardly to make known national weaknesses. He would trust to a bluff. Alleged patriots have kept the nation in utter ignorance of the true conditions. George Washington pleaded with Tawneys in his time for a well equipped, trained army. "I demand that the soldiers be given a square deal; that the army be placed on a military basis. What does Tawney know about the army's needs? Nothing. I will fight until our soldiers are placed in the field with proper equipment, that their bodies may not be wracked in fever camps; that they may not be poisoned with unwholesome food; that they may have decent weapons. If this is cowardice, I will be a coward. "Tawney admits that we are fattened capons, who pose as game cocks. We have bluffed our way since we have been a nation, but frequently our bluffs have been called. Appalling pension rolls and great heart scars are the results of this. All this bears witness that there have been other Tawneys in the nation's councils. The Filipinos were better armed than our own troops. The wickedest cowardice I can imagine is to send brave men against a prepared enemy to be murdered. The disgraces of the war of 1812 culminating in the sacking of the national capital are chargeable to the unwarranted action of legislative non-combatants who denied the soldiers proper arms and equipment. "It was such men as this who brought on the war of the rebellion when the Federal strength was measured by an armed mob at Bull Run who were responsible for six hundred uncared for and wounded, remaining on the field of Bull Run for seven days after the second battle was fought, when one year was available to prepare them after the war had begun. At present the army is practically unorganized and it can be increased in numbers with a perfect organization."

HUMPHRIES' OUTLINE OF DEFENSELESS COAST WASHINGTON, Dec. 16.—Representative Humphries of Washington, today took issue with Representative Tawney's view that the efforts to get better coast defense is the result of jingoism. "A foreign foe," Humphries said, "for instance Japan, could land an invading army at Bellingham without coming within fifteen miles of a gun. The army could establish an impregnable position and have the entire coast at its mercy. The secretary of war only expressed an opinion known to every man on the Pacific Coast for years. "The coast has been crying for protection for years, but their cry has been ignored," Humphries continued. "Invaders once landed could capture Seattle and its defenses from the land side, then cut off communication with the outside world. They could devastate the northwest at their leisure, as it would take an immense force to dislodge them."

Tawney Charges Jingoism WASHINGTON, Dec. 16.—The War Department has joined the "jingos" and is trying to "Hobsonize" the country, according to Representative Tawney of Minnesota, who sees in the cry of "unpreparedness for war" a prelude for an assault on the treasury. Tawney, who is chairman of the House committee on appropriations, doesn't believe the country is in immediate need of further protection, and means to hold the financial fort against McLachlan, Hobson and other

COMMITTEE HEARD FAIR BOOSTER

But Took No Action on Kahn's Resolution Naming 'Frisco For the Site

WASHINGTON, Dec. 16.—The question of the location of the Panama-Pacific Exposition came before the House committee on rules today. The committee held a hearing of the resolution by Kahn of California, but no action was taken. Kahn's resolution names San Francisco as the site.

The committee agreed to entertain a resolution with the proviso that the name of some other city be substituted if deemed advisory. Kahn made the opening speech for the resolution, and was followed by Governor Gillett, Theodore Bell, and Joseph Scott of Los Angeles.

er War Department friends.

"Efforts to get this confidential report published, and all the talk about inability to repel foreign invasion is a part of a propaganda of military enthusiasts who want congressional support for large appropriations," he said. "Anyone reading Hobson's 'Yellow Peril,' and this report, would have difficulty in telling them apart. General Wood and Hobson realize that the Democrats will control the lower house in the next congress, and that the appropriations will be controlled by them. They believe they must get large appropriations from the present congress if they expect any from the Democrats."

RESCUERS ENTER THE LEYDEN MINE

Leader of Rescue Party Believes There is Possibility of Finding Men Alive

LEYDON, Colo., Dec. 16.—Rescuers wearing oxygen helmets entered the Leyden mine of the Denver Tramway Company today in the hope of rescuing the ten miners entombed by a recent explosion.

The rescuers entered shaft No. 2, exploring the lowest levels. Another part entered shaft No. 1, trying to reach lower levels through the tunnel connecting the shafts. The lower portions of the mine are filled with gases, and it is not believed any have survived.

Prof. J. C. Roberts, head of the Government Miners' Rescue Bureau, is heading the rescuers. He believes there is a fair chance that the men are alive.

Among the entombed are many old miners who knew their safety would depend on waiting where they were imprisoned until help arrived, without penetrating the tunnels and running into accumulated gas.

GEN. GRANT QUITS THE BOY SCOUTS MOVEMENT

NEW YORK, Dec. 16.—Major General Frederick D. Grant has sent to the remaining directors of the American Boy Scout movement his resignation from the list of honorary vice presidents and founders. Major General Grant, when stationed in Chicago, had organized the Boy Scouts for the department of the Middle West.

The grand jury yesterday examined several persons who were induced to contribute to the Boy Scout fund for the supposed maintenance of the organization.

Among those who testified and the amounts given were: W. K. Vanderbilt, Jr., \$1000; Frank A. Munsey, \$1000; William Reed, \$1000, and Bradley Martin, Jr., \$500.

FUND FOR INDIAN SCHOOL

Senator Flint Gets Appropriation of \$20,000 for the Capay Valley Institution

WASHINGTON, Dec. 16.—At the request of L. L. Legters, superintendent of the Indian Industrial School for the Northern California Indian Association, Senator Flint appeared before the Senate committee on Indian Affairs Thursday morning and asked an appropriation of \$20,000 for the construction of a building and equipment of an Indian training school, to be located in the Capay Valley, near Guinda, Cal. The committee agreed to amend the Indian bill to provide for this appropriation. The school is to be non-sectarian and under the control of the Board of Trustees of the Northern California Indian Association. It was the understanding that before a building shall be erected the Northern California Association shall have an endowment fund of \$100,000 to maintain the school.

RESURVEY OF NEWPORT HARBOR SOON

Congressman Smith Has Secured Action Looking Toward Development

MUST IMPRESS THE FEATURES

United States Engineer Should be Taken Over the Entire Situation Here

Congressman S. C. Smith has secured a resurvey of Newport Bay. The news of this success was brought in a letter from the congressman to N. A. Ulm of this city. In the letter, Congressman Smith says:

"The Rivers and Harbors bill will be introduced again today. I have secured a resurvey of Newport Bay and it will in due time be incumbent on the people of your vicinity to impress upon the army officer who makes examination the feasibility of some plan of improvement. I think it would not be wise to leave the matter to the army engineer, who might take a more or less general survey of the situation, but I venture to suggest that your people go over the matter very carefully and decide on some one or two features that you think should be worked out and then do everything in your power to impress them on the mind of the engineer. "You ought to have a very considerable shipping business at Newport Bay and I shall be only too glad to do all I can at this end to help bring it about, but I am of the opinion that it is quite important that you center the engineer's attention on one or two features and bear down hard on him for them. While I am at home next summer I will be, of course, glad to aid you in any way I can."

STOLEN BICYCLE WAS FOUND HERE

Constable Jackson and J. E. Livsey have located a bicycle here that was stolen from a Long Beach man named Upton.

They were searching for a new \$60 Pierce stolen from H. H. Moyer of this city. They found a bicycle here much like Moyer's, that had been bought from a Mexican, known to be a straight fellow.

However, the number was sent to the wholesalers, and it was found that the bicycle had been stolen from Long Beach by a white man who gave his name as Meyers. Meyers evidently sold the wheel here.

Meyers is now in jail in San Bernardino doing six months for bicycle stealing. From the description he is the same man who rented a bicycle from B. J. Warner of Santa Ana and never returned it, and who rented a bicycle from Hitchcock of Orange, and never returned it.

LOS ANGELES ASKS FOR NEW FEDERAL BUILDING

Los Angeles Examiner: An appropriation of \$1,800,000 is needed for the purchase of a site and the construction of a new Federal building, according to representations made in a communication to Senator Frank Flint and Congressman James McLachlan yesterday by the North, Northeast and Northwest Improvement Association.

CHARTER GRANTED TO CALIFORNIA NATIONAL

W. F. Lutz today received the following telegram from W. J. Fowler, deputy controller, Washington, D. C.: "The California National Bank of Santa Ana, No. 9904, authorized to begin business. Charter mailed." The bank will be ready for business the middle of January, at the southwest corner of Fourth and Bush streets.

TAFT COULD QUELL TRUSTS SAYS BRYAN

Declares President Is Logical 1912 Candidate of the Republicans

LINCOLN, Neb., Dec. 16.—That President Taft is entitled to a seat at the head of the table at any gathering of stand-patters, and that he is the logical Republican candidate for the presidency in 1912, are the conclusions of Bryan's Commoner given after a discussion of the president's message.

"The document is notable for length," the Commoner says. "If Taft's sympathies for the special interests were not already known, it would be notable for its leanings toward the system the people are trying to regulate. If Taft puts the prestige of his high office behind the criminal clause of the Sherman anti-trust law, enforcing it against the heads of the great trusts, the people would experience immediate relief. Taft is the logical candidate of the Republicans because he stands unflinchingly by present day Hamiltonism."

ABANDON WRECKED STEAMER SEATTLE, Dec. 16.—No attempts to save the wrecked steamer Olympia will be made this winter, and she probably will go to pieces on the Bligh Island reef, where she struck last Saturday night.

Weather Forecast Cloudy tonight and Saturday; light northeast wind.

MAINE LANDS GROW IN VALUE IN DECADE

Increase in Farm Lands Since 1900 Is 74 Per Cent As Shown by Census

WASHINGTON, Dec. 16.—Census Director Durand has issued the first official statement from the Census Bureau relative to the agricultural statistics of the state of Maine collected at the thirteenth decennial United States census, April 15 last.

It is pointed out in the statement that the principal rates of increase in Maine in 1910, as against 1900, are: In the expenditures for fertilizers, 395 per cent; in the expenditures for labor, 110 per cent; in the average value per acre of farm land alone, 75 per cent; in the total value of farm land alone, 74 per cent; in the average value per acre of farm land and buildings, 67 per cent; in the total value of farm land and buildings, 64 per cent; in the value of farm buildings alone, 54 per cent; and in the total number of farms, 01. per cent.

PORT LOS ANGELES TO BE ABANDONED

Old Time Shipping Port With Longest Pier in the World Will Go Out of Use

SANTA MONICA, Dec. 16.—Port Los Angeles is to be abandoned February 1, according to an announcement, received here by the representatives of the Los Angeles-Pacific Railway Company. This will mean the abolition of what has been, for years, one of the most important of the south coast shipping points. Lumber companies throughout the bay have received formal notices to route all lumber via Redondo Beach or San Pedro.

What will be done with the mile pier, the longest in the world, is not known. Approximately 1,500,000 feet of lumber has been shipped at the wharf monthly.

CHINA BANISHES EVERY QUEUE FROM CELESTIAL EMPIRE

PEKING, Dec. 16.—By a vote of 102 to 28, the Peking Senate today passed a resolution banishing the queue from the heads of the residents of the Chinese empire. An order to remove their queues was issued to Chinese diplomats in foreign nations two months ago, and today's order was no surprise. All Chinamen, from members of the royal family to laborers, are now compelled to shave their heads.

PARLIAMENT MAY HAVE BRIEF LIFE

Predicted That Another Siege of Election Must be Gone Through by England

PRESENT VOTE PROMISES TO BE INDECISIVE ONE

Balfour's Retirement as Leader Is Only Result—Neither Side Gains Victory

LONDON, Dec. 16.—A short session of Parliament ending in a call for another election is predicted by the leaders of both Conservatives and Liberals, on the eve of the last day's balloting in the present election, as the present election has not been decisive. Neither side has won a real victory.

In view of the result it is believed certain that the King will not create enough Liberal peers to give the Liberals control of both houses. The Liberals will probably resort to obstructive policies when Parliament opens. Then it will be but a question of time before another election will be called.

One decided effect of the present election, however, undoubtedly will be the retirement of Balfour as the Conservative leader. F. E. Smith of Liverpool will probably succeed him.

With twenty-nine seats still to be filled, the net coalition gain in the Parliamentary election is one seat. The standing today is: Conservatives, 264; Liberal-Laborites, 301; Nationalists, 67; O'Brienites, 9.

NEW LAW FIRM

J. Howard Bell and W. E. Ferguson, the latter lately admitted to the bar, have formed a law partnership.

STRUCK HOGS DOWN DID NOT GOUGE EYES

The Society for the Prevention of Cruelty to Animals is undecided as to what it will do in the San Juan Capistrano hog-killing case. Constable Jackson learned that three men, while stealing or killing for spite, went into a hog-pen, and one of them hit two or three hogs. One was thought dead and was shoved into a sack. The next morning this hog was found in a field in the sack still alive. Another hog was struck over one eye. That wound is well healed now. There was nothing to indicate that eyes had been gouged out as reported here. Aaron Buchheim, owner of the hogs, was paid, and three offenders paid \$5 each to the mission justice, but that does not stop arrest for cruelty to animals.

DEMOCRATIC LEADERS DECIDE SPEAKER SHALL NOT NAME COMMITTEES

WASHINGTON, Dec. 15.—The speaker of the next House of Representatives will not name the committees of that body. Congressman Champ Clark of Missouri, Underwood of Alabama and others of the conservative wing of the House Democracy have reached a decision that the committees shall be selected in some other way than by the present system. This much developed yesterday. It probably will be ratified at a caucus of new House members who may be called together in January to map out action on rules and other problems that will confront the next House.

CHILD MURDERER GETS THIRD REPRIEVE

SACRAMENTO, Dec. 16.—For the third time in three months, Louis Augustine, the slayer of a seven-year-old girl near Chico, under sentence to hang, was reprieved today. The stay was issued by Lieutenant Governor Porter, acting governor.

CITY FACES CIVIL WAR CONDITION

Riot of Desperate Strikers Impels Chicago to Seek Ending of Strike

CHICAGO, Dec. 16.—Colonel Roosevelt, President Taft or John Mitchell may be asked to act as arbitrator and mediator in the garment makers' strike.

Following desperate rioting yesterday resulting in one death, one fatal and scores of serious injuries, the union leaders and city officials have determined to end the strike. The situation is desperate because, according to the unionists' employers refuse to treat with them. A strike leader said today:

"Roosevelt, Taft or Mitchell would be satisfactory as mediator. If the employers will accept any one of them we will be satisfied. Unless the strike ends civil war conditions will exist."

BOGUS CHECKS AND DOLLARS CIRCULATE IN LOS ANGELES

LOS ANGELES, Dec. 16.—A band of clever bogus check manipulators, which has operated extensively in Los Angeles and vicinity for three months, and who are said to have swindled local merchants out of several thousand dollars, is being investigated by the district attorney's office.

Silver dollars cleverly counterfeited are also being circulated promiscuously in Los Angeles by a well-organized gang of counterfeiters, according to reports received by the detectives and the railway companies.

JOHNSON PLANS REORGANIZATION

Will Eliminate "Gold Laced Colonels" and Get Practical Working Staff

SACRAMENTO, Dec. 16.—It has been reported that Governor-elect Hiram W. Johnson plans to eliminate the numerous "political colonels" composing the majority of the military staff and establishing a convenient working staff composed of men actually familiar with military life and discipline. The details of the reorganization of the staff has not yet been made public.

Johnson's probable procedure will be to revoke the commission of about thirty gold-laced colonels.

It is also reported that the staff departments will be reorganized, and that other drastic changes are contemplated.

MRS. TURNBULL WAS EXHAUSTED AFTER ORDEAL IN COURT

LOS ANGELES, Dec. 16.—Mrs. Turnbull will divide the next four days between her daughter, Beatrice, the contestant for part of the "Lucky" Baldwin millions, and the attorneys fighting her case. She was exhausted by the ordeal of her cross-examination at yesterday's session.

The adjournment of the case until next Tuesday was declared to permit Judge Rives to dispose of accumulated probate business in his department. Attorneys McNab and McEnery of San Francisco, started home last night to attend to personal business. They will return Monday.

RAYMOND HOTEL OPENS FOR WINTER SEASON

PASADENA, Dec. 16.—For its twenty-third season the famous Raymond hotel formally threw open its doors last evening with an elaborate and largely attended dinner. This is the third time that the hotel has opened with Walter Raymond presiding as both owner and manager.

Thousands of dollars have been spent in refinishing the interior and exterior of the hotel. The big dining room has been decorated throughout, while nearly a mile of cement walks have been laid in the great acreage belonging to the establishment.

METEOR WITH TAIL IS SEEN SAN BERNARDINO

SAN BERNARDINO, Dec. 16.—A brilliant meteor was seen in the southern skies Wednesday night. Despite the bright moonlight and the many electric lights in the city, the meteor was plainly seen, followed by a tail of huge sparks.

CALIFORNIA'S TOWNS SHOW AMAZING GROWTH

1910 Census Returns Show Long Beach Has Increase of 646.4 Per Cent

MONROVIA MADE GAIN OF 229 PER CENT IN DECADE

Whittier Shows 180 Per Cent Gain and Pomona Grew at Rate of 84.5 Per Cent

WASHINGTON, Dec. 16.—The following announcements were made today by the census bureau. Population of Long Beach 17,809, Pomona 10,207, Hermosa Beach 679, Claremont 1114, Redondo 2,935, Covina 1652, Huntington Park 1299, Ocean Park 3119, Glendale 2746, Compton 922, Monrovia 3576, Whittier 4550, Vernon 772, Pasadena township, including Arcadia and Sierra Madre 36,195, Sierra Madre 1303, Inglewood 1536. Long Beach's increase is 14,557, or 646.4 per cent. Pomona's increase is 4681 or 84.5 per cent. Whittier's increase is 2960, or 180 per cent. Monrovia's increase is 2771, or 229 per cent.

COURT SEPARATED THESE COMPANIONS

The juvenile court today separated Robert Davis, aged 14, and Hobart Nichols, aged 11, both of Fullerton. Robert was sent to the Detention Home. Hobart went home, and the next outbreak, if there be any next, will mean either Whittier or the Detention Home for him. The two boys were accused of a number of acts, among which was attempting to hold a boy on a railroad track so a train could run over him, stripping a boy and preparing to tie him over a fire, pouring gasoline out beside a trolley wagon and setting fire to it. Robert Hobart denied the first two acts, but admitted the last. Possibly the first two acts were more "scare" than anything else.

Some Spuds, There A. E. Cox, formerly of Santa Ana, now of Hemet, has sent here some fine potatoes raised on Judge Charlson's ranch at Hemet.

BY LEGAL FLAW EDDY CASH MAY BE LOST TO CHURCH

BOSTON, Dec. 16.—A loophole whereby the entire estate of Mrs. Mary Baker G. Eddy may revert to her heirs-at-law is believed to have been discovered by counsel for George W. Glover and E. J. Foster Eddy, and Christian Science leaders are considerably disturbed.

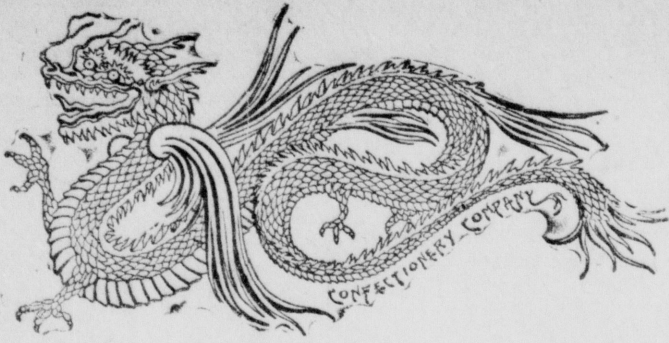

Briefly, the contestants will claim that the Christian Science church has never been incorporated and consequently has no legal standing.

If this contention can be proved, lawyers say the Eddy estate will revert either to her next of kin or to the state.

CHICAGO COMMON LAW MARRIAGE IS VALID HERE

LOS ANGELES, Dec. 16.—A common law marriage contracted in Chicago is valid in this state, according to a decision given by Judge Hervey yesterday, when he allowed Carrie Schultz Smith \$20 a month separate maintenance from her husband, J. C. Smith.

Smith was a coachman in an Illinois family when he contracted a common law marriage with Carrie Schultz, a cook. He was employed at the same house as herself. He deserted her and went to Mexico from Los Angeles in December, 1909.

DEVASTATING FINE COUNTRY

Gold Dredging Near Oroville Leaves Boulders Where Fertile Fields Were

Orange Post: Frank H. Lerner returned to Orange last week for a short visit with friends. He has been working for a dredging company near Oroville and intends going back again, as such companies pay good wages for good workers. Tom Gruwell and Kye Hinton from this section are at the same place. Blinn Whitney is now in San Francisco but intends to return to work on the dredger soon. Lerner says the dredgers are devastating a lot of fine country and leaving nothing but piles of boulders which it will take countless ages to restore to the former state of productiveness. It pays to buy the farms and sacrifice them for the sake of the gold in the soil or else the work would not continue; but think of the lasting injury being done such communities, the counties and state for the sake of the immediate gain! This work explains the loss of population in some of the counties, as indicated by the census. Lerner is talking of going to Alaska after awhile.

MOST CERTAIN WAY TO END A BAD COLD

Surely Breaks the Cold and Ends Grippe Misery in a Few Hours

—It is a positive fact that a dose of Pape's Cold Compound taken every two hours until three consecutive doses are taken will cure Grippe or break up the most severe cold, either in the head, chest, back, stomach or limbs.

You distinctly feel the cold breaking and all the disagreeable grippe symptoms leaving after the very first dose. It promptly ends the most miserable headache, neuralgia pains, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

AVIATION MEET IS ASSURED ALREADY BY SUBSCRIPTIONS

LOS ANGELES, Dec. 15.—The success of the second international aviation meet, to be held at Dominguez field December 24 to January 3, seems assured. Already \$39,500 has been subscribed, which is \$2000 in excess of the total subscription for the meet of last year. New aviators have been signed and the indications are that a number of records, both for speed and altitude, will be broken. Eugene Ely, Aviator McCurdy and Samuel Perkins have been added to the list, which was augmented Tues-

day by Hubert Latham, the French flyer, and Captain Thomas S. Baldwin, the oldest aeronaut in the field. Ely and McCurdy compose a team that has conducted flights recently from the decks of United States war vessels, under orders from the Secretary of the Navy.

PAPER

During the past three days I have been offering a full bearing orange grove for \$250 per acre with positive proof that this \$250 would be all the grove would ever cost you. This was the most remarkable offer ever made to the people of California, yet only two men bought. No doubt hundreds saw the ad but thought it was too good to be true, so did not take time to investigate and thus lost the chance of a life time.

Now I give all such persons fair warning that I have a large grove all in full bearing which can be bought in lots to suit purchaser for one-fifth down, balance to come out of crops. You missed the other opportunity—don't miss this. Call and ask about the property. It will take only a few minutes and costs nothing.

MCDANNALD AT FRONT TALKS TO MANY

Some of His Old Oregon and Washington Friends Are Headed This Way

CHAMBER OF COMMERCE, Los Angeles, Dec. 15.—I have had the rare pleasure this week of meeting a number of people from Orange county, and received the glad hand of encouragement. Off in an unknown county, surrounded by strangers from early morn till evening late, when the electric lights begin to dimly burn, it seems great to behold a familiar face, and grasp the outstretched hand.

I have also met this week a number of old friends from Oregon and Washington. Some are on their annual winter visit, while quite a few are going to remain permanently. I have convinced not a few that Orange county is the mecca for which the heart yearneth, and they will cast their lot in the locality that to them promises the best home in the years to come.

I met a man from Caribou, B. C. (P. S.—This means "British Columbia," not "Before Christ") who hasn't seen a rose in bloom or tasted an orange for fourteen years, and yet through all these absent epochs he has not forgotten how to swear in his "mother" tongue. He told me confidentially that he brought down a grip sack filled with "Caribou nuggets," enough to buy a roosting place the remainder of his life.

"The Veiled Lady" called on me the other day, and in a most persuasive way induced me to spin a well thumbed story of Orange county and its wonderful resources. She seemed to stand spell-bound while I grew eloquent in describing the fertile acres from the foothills to the sea. When I had about exhausted my vocabulary of Orange county knowledge, she lifted the veil, only to disclose the well known face of an old resident of Santa Ana. The attendant who administers the brandy bottle to those who faint said it required an awful swig to bring me to.

These are Christmas shopping days and every store, shop or factory in this big, busy city is a humming, pushing, rushing mass of humanity. The streets are full of people, the cars are full, and most important to the storekeepers, the people go away with their arms full. From present indications every precious "hopeful" within a radius of a half day's journey will receive some token of remembrance in his or her little Christmas stocking. 'Tis well, but how much better if people could only see how much better it would be if they did their shopping in the home town.

With 200 saloons Los Angeles is a model city of temperate people. I have not seen a drunken man on her streets since I have been here, and but very few even under the influence. Perhaps if I had gone among the slum element I would

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate woman's organs, so surely when these organs are established in health the face and form at once witness the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native American medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments. For nursing mothers, or for those broken down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve tonic, adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments. Consultation by letter free of charge. Address: Dr. Pierce's Invalids' Hotel and Surgical Institute, No. 663 Main Street, Buffalo, N. Y.

WHICH FAT?

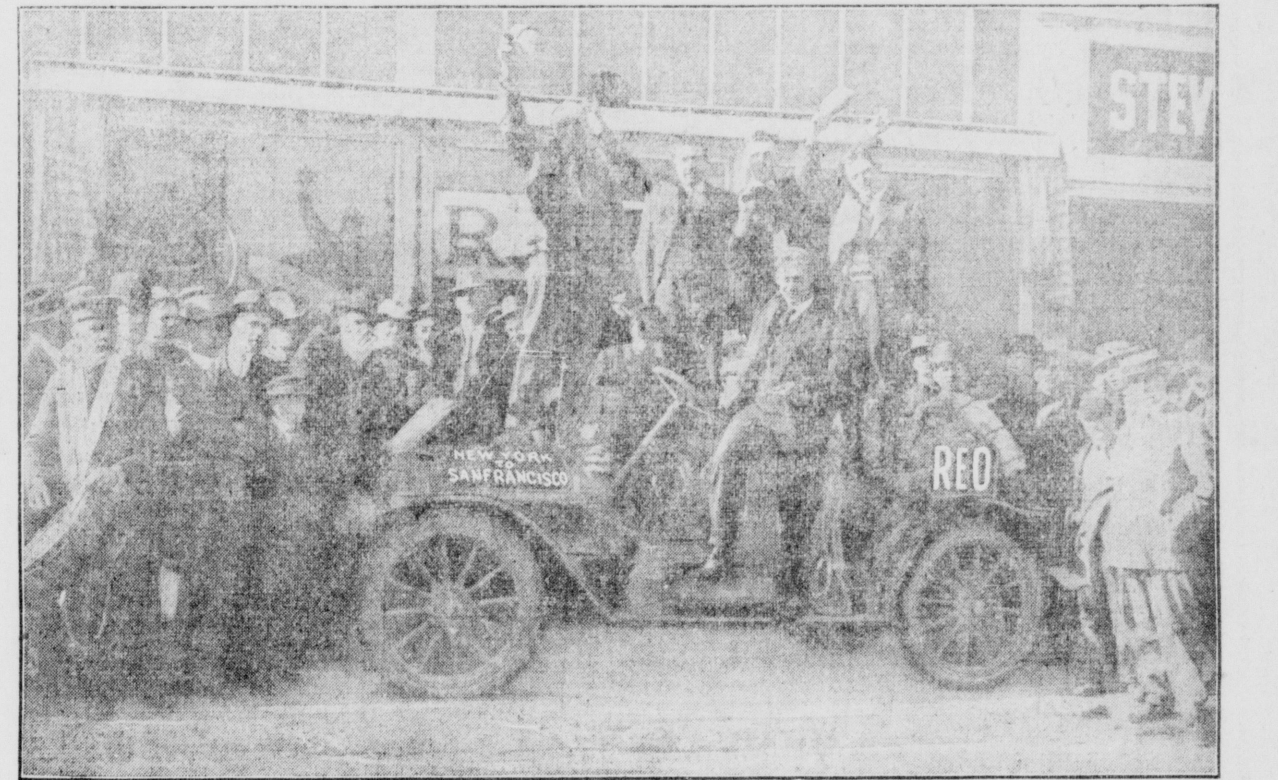

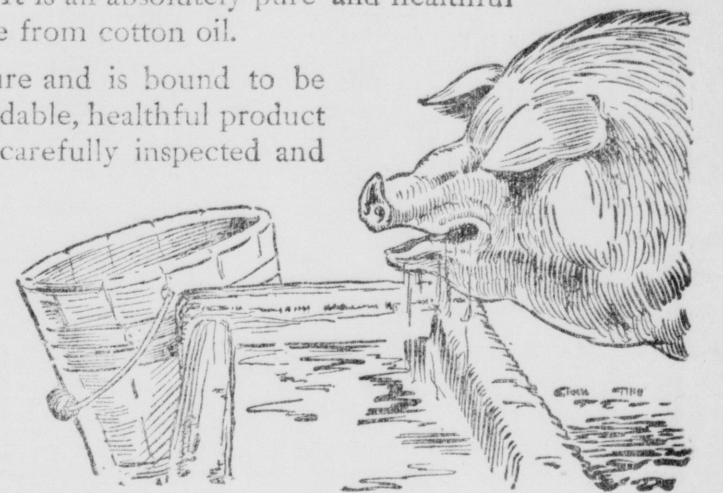

Any product which contains hog fat is subject to the taint or possibility of disease germs. Lard is made from hog fat—it may be pure and it may not. At any rate, it is at best indigestible, and will raise havoc with any but the hardest stomach.

Cottolene is a vegetable product, which is far superior to lard for all shortening and frying purposes. It is an absolutely pure and healthful fat made from cotton oil.

Cottolene is a product of nature and is bound to be wholesome. It is the one dependable, healthful product for frying and shortening, and is carefully inspected and made to conform with all pure food laws.

THIS advertisement is intended chiefly for the Ladies, but anybody else can read it; there's

some good Christmas Suggestions in it. Ladies generally have some trouble in deciding what sort of Christmas gift to give to a man; or a young man, or a boy who is too big or too old for toys, but who still wants, and enjoys the Christmas pleasures. Now, one thing is clear; the best sort of a Christmas gift for anybody is something that person really wants. If it's something that a man would sooner or later buy for himself, if he can, so much the better. If he would make a list of the things he wanted you'll find very likely that most of the things he put down are in this store; for this is a man's store.

MRS. LOGAN TO THE LADIES

Mrs. John A. Logan, one of the best known and most popular women of her time, is out with an interview on the responsibilities of woman, which will hardly endear her to the self-appointed leaders of the sex. She insists that women are more responsible for the morals of the world than men, because it is their duty to look after the upbringing of the children, and expresses the fear that many in this day are dodging their responsibilities. She devotes several columns to a review of the wonderful possibilities before the women of today and points out, more in sorrow than in anger, some of the places where there have been the most dangerous failures. Among other things she touches upon the styles and, as this is one of the most directly interesting topics to the members of both sexes, the following portions of her remarks may be found worth the reading:

"Intelligence increasing among

women! I hope and know it is along some lines, but in this matter of sheer slavishness, of her submission to the mandates of the smart commercialists who dupe her and induce her to waste money, dress her like a maniac or idiot, make women who are good at heart go flaunting on the streets in costumes which would have made a wicked woman blush in other years, no increase of intelligence is indicated. Far from it!

"There is an opportunity in this for women who are filled with a desire to reform something. I do not deny, at all, the honest efforts of any woman along any line which, honestly, she thinks reformatory. Women cannot think and work too much to

bring about the betterment of any of the world's conditions, but charity begins at home and there is a great opportunity for earnest women to commence the labor of reforming the insane extravagance of their own sex, in cash expenditure, and the exhibitions which they make of their own selves, from time to time, in meeting fashion's latest whims. 'Whim!' These are no whims that make the whole sex dress itself like simpletons or sinners. They are the bunco games of clever manufacturers and cynical modistes who wish to force upon the sex the purchase of new outfits, periodically, which are not in the least necessary. I cannot see why women of plain sense should not and do not band themselves together to put down such disastrously recurrent manias. Sensible women are not rare, they could do this if they would, by doing it they would be wondrously advancing their own comfort, their own dignity and the actual welfare of the race."

AMUSEMENTS

We Are Going Tonight
"Why, do you know, we couldn't get in last night. My, what a crowd there was there. Do you know that we could not find room to stand? But there are a lot of us who are going early tonight so as to get a good seat."

This is the conversation one could hear in many places today. All caused by the big minstrel show at the Temple Theater last night, made up of local talent, and for one to try to describe the performance put on by the boys, would require a page of this paper; and the very best that any one could say of it is that it was good, grand, splendid, and every one

of the boys more than made good. While, in minstrel first parts, attention is mostly drawn to the end men, for jokes and the like, and the end men last night got their full share. Still it was noticed that each one of the company was called back time and again, and the grand chorus many times. Room was not permitted of special comment of each one. The big show will be given twice tonight. The vaudeville is good and the pictures are of the latest and best.

Society

Christmas preparations are so completely absorbing the fairer sex this week that social affairs have practically fallen into "innocuous desuetude." Several affairs are being planned for later in the season, when the holiday festivities are over.

Tonight the masquerade ball given by the Fraternal Brotherhood will engage the attention of many and a jolly time is expected.

Tomorrow afternoon the Congregational ladies will have an interesting bazaar and cooked food sale in the Main street arcade building which will doubtless attract many buyers among those who are seeking Christmas and New Year's gifts.

An art exhibit is being prepared by Miss Willard, art director of the city schools, which will do duty next week at both the county teachers institute to be held here and the meetings of the Southern California Teachers Association to take place in Los Angeles immediately after the local institute.

Family reunions for Christmas Day are being planned, and the happiest holiday will be rendered doubly joyful by happy meetings of members of families and of old friends.

Most of the grammar school grades had entertainments, more or less ambitious, this afternoon to mark the close of school for the Christmas vacation. The guests at these were mostly of parents and interested friends of the children.

On Tuesday next the Past Matrons' Association, O. E. S., will be entertained by Mrs. R. E. Dickinson at her pleasant home on Birch street.

Officers Chosen
This is the time of year when the fraternal and other societies elect officers. Within the week corps of officers have been chosen by a number of organizations. Among these was Sycamore Rebekah Lodge, choosing the following:
N. G.—Mida Branson.
V. G.—Minnie Houston.
Secretary—Kate Clark.
Financial Secretary—Nellie McTaggart.

Treasurer—Dora Webb.
Trustee—Bertha Mattern.

Sedgwick Post, No. 17, also elected officers who will be installed in January probably at a joint installation with Sedgwick W. R. C. The officers elected are:

Commander—J. M. Talcott.
Senior Vice Commander—G. P. Lawrence.

Junior Vice Commander—W. W. Leiser.

Quartermaster—O. H. Coulter.

Sergeant—J. N. Ellis.

Chaplain—H. Koepsel.

Officer of the Day—G. W. Wilcox.

Officer of the Guard—P. E. Newman.

Delegates to Department Encampment at Fresno next April—G. P. Baker, G. W. Wolfe, S. E. Chaffee, P. B. Glover, H. W. Smith, S. W. Sutton.

Alternates—G. W. Baker, H. E. Smith, M. W. Crandall, G. W. Wilcox, P. E. Newman, S. H. Pendleton.

Santa Ana Hive No. 7, Ladies of the Maccabees, elected the following officers, a banquet following election:

Lovisa A. Leslie—Lady Commander.

Docia Jasper—Lady Lieut. Com.

Helene Galbraith—Record Keeper.

Hattie W. Peters—Finance Auditor.

Ella Meis—Chaplain.

Mary Walters—Lady at Arms.

Ella Greenleaf—Sergeant.

Mary Walker—Sentinel.

Espy Williams—Picket.

Hattie Goepper—Musician.

Catherine Schmiedberg—Official Prompter.

Dora Spangler—Installing Officer.

Brotherhood Masquerade

Tonight the Fraternal Brotherhood will give their masquerade ball at the Brotherhood Hall, and a good time is promised for everybody who attends.

Good music has been secured for the occasion and suitable prizes for the best costume and the best sustained character will be given.

Masculine Social Affairs

Exclusive masculine social functions have been popular this week. Prominent among these were the E. D. Waffle birthday dinner; the entertainment of Knights of Maccabees Commanders and Past Commanders from Los Angeles by Santa Ana Tent, No. 8, K. O. T. M. on Monday night when an oyster supper closed the social evening, and the annual meeting and banquet of the Sunset Club on Tuesday evening.

The Sunset Club had one of its old-time meetings, replete with good fellowship and elected the following directorate for the year:

Carey R. Smith, president; C. F. Mansur, secretary; E. A. Stockslager, C. E. Parker, John Cubbon, Mit Phillips and M. Nisson, trustees; Orange County Savings Bank, treasurer.

The following committees were appointed by the board:

Auditing—E. A. Stockslager, C. F. Mansur, C. E. Parker.

House—C. J. Woodford, Stockford Wheaton, Thos. Trythall.

Entertainment—Linn L. Shaw, Geo. E. Peters, Lou P. Hickox.

Finance—Geo. W. Minter, Wm. F. Lutz, J. P. Boyd.

This club during the year has expended a generous sum of money in remodeling the rooms and in furnishings. \$200 was raised at the annual meeting for a contingent fund.

Fickas-Travis

Irvin F. Fickas and Miss Maud Travis, accompanied by the father of the groom and the mother and brother of the bride, slipped quietly away from their friends and were quietly married in Los Angeles yesterday.

This is What a Man Said to Us Yesterday

"If my wife comes in here, you suggest a couple of suits of Duofold underwear as a most appropriate present for me. I need that and if she doesn't buy it I will have to get something cheaper."

That man is a merchant here in Santa Ana and he is exactly like your husband, madam; he wants something useful—something he can wear.

If you buy your men's gifts in this exclusive men's and boys' store you will be complimented upon your good judgment.

Sweater Coats

These are becoming more popular in demand and usage every year. So much so that they have already been established as one of the necessary items of a man's wardrobe. If he hasn't one, or can stand a new one, you couldn't please him better than to send him one of the beautiful and well-fitted garments that we have here now for holiday display.

MUFFLERS

MUFFLERS and REEFERS are now accepted as much as a winter detail of style as of comfort. The exquisite designs that we show set off the outer coat to the same degree as does the cravat the undercoat.

50c to \$3.50

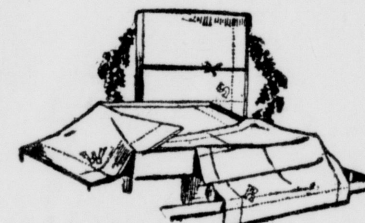

Shirts and Neck-Wear

When in doubt a happy solution to the gift problem can always be settled on shirts or ties. A few more of either never make an over abundance in any man's wardrobe. The sort we show are sure to be acceptable at all times.

HANDKERCHIEFS

Of the inexpensive gift selections for the men no item has proven so well chosen as the presentation of good handkerchiefs. We have them in all the newest effects, hemstitched, plain fancy bordered or initialed. All good materials and seasonably presented in rich gift boxes.

10c to 50c each

GLOVES

There are many new fabrics ordained for this season in glove fashions. We have them all in the modish shades. Our display is comprehensive, embracing street, dress, driving, motoring and golf gloves, 25c to \$4

Lounging Robes & Smoking Jackets

Every time he snuggles into one of these "comfy and cozy" garments he will pleasantly remember your Christmas gift of 1910. Ours are so well made and styled that he will spread the remembrance over several seasons of wear. All the newest effects and designs are now here.

Suspenders and Garters

We have them in enormous variety, in gift boxes of combination sets or individually. For a modest remembrance of small expense this is surely a timely suggestion.

WAISTCOATS

You women folks know how much a fine lingerie waist adds to the setting of your suit. The waistcoat bears the same relation in man's attire, and well dressed men, in their vanity, appreciate the privilege of having such a garment to enliven the conventionality of their apparel. In our display you will find the most elegant designs in vogue this season.

HOSIERY

The very newest ideas in hosiery are now represented in the special showing that we have assembled for the holiday trade. You cannot get out of style or out of tone here. The breadth in variety of pattern and color is boundless.

IS REVISING COAST CHART

U. S. Surveyor Finds Coast
Line Has Shifted in Quar-
ter of a Century

Huntington Beach News: H. W. Rhoades of the United States Coast Survey registered at the Huntington Inn last week and spent some time here in the work of revising the chart of the coast in this vicinity. He says that no revision has been made since 1873, and in consequence many, if not all, of the "points" used in the survey work have been obliterated. Improvement of the lands along the coast have been made so largely as to practically undo the work of the government surveyors.

Mr. Rhoades imparts the information that noticeable changes have occurred in recent years at Bay City and at Newport Bay, at both of which points the coast line has shifted fully a quarter of a mile. Because there is little or no commerce at these points it has not been thought necessary to revise coast surveys in which revisions are made often at such points as San Pedro, where the shipping is large.

For two days Mr. Rhoades was engaged in leveling the bluff in the eastern portion of Huntington Beach in an effort to locate a former "point," placed three feet below the surface of the ground. Unless he is able to locate some evidence of a former survey, he will be forced to do a great deal of arduous work in making the revision of the coast chart for this section.

NO MORE CATARRH

Rowley Drug Co. Has Guar-
anteed Cure That Has Stood
the Test of Time

—Catarrh cures come and catarrh cures go, but HYOMEL continues to cure catarrh and abolish its disgusting symptoms wherever civilization exists.

Every year the already enormous

sales of this really scientific cure for catarrh grows greater, and the present year will show all records broken.

If you buy a HYOMEL outfit for \$1.00 and hide it in a dark cupboard it won't cure your catarrh.

If you breathe it daily as directed it will cure your catarrh or it won't cost you a cent, ask the Rowley Drug Co.

If you have a hard rubber Hyomel inhaler somewhere around the house, get it out and start at once to forever rid yourself of catarrh.

Rowley Drug Co. will sell you a bottle of HYOMEL (liquid) for only 50 cents; start to breathe it and notice how quickly it clears out the air passages and makes the entire head feel fine.

Hyomel used regularly will cure catarrh, coughs, colds, bronchitis, or sore throat. A complete outfit including a hard rubber pocket inhaler costs \$1.00. No stomach dosing. Just breathe it. It kills the germs, soothes and heals the inflamed membrane.

NOTICE OF PUBLIC WORK

Notice is hereby given that on Monday, the 17th day of October, 1910, the Board of Trustees of the City of Santa Ana, California, did at its regular meeting on said day pass a Resolution No. 516 dated October 17th, 1910, declaring its intention to order the following public work done, to-wit:

That the public interest and convenience of the City of Santa Ana requires and that it is the intention of the Board of Trustees of said City to order the following public work done, to-wit: That West Washington Avenue in said City as now laid out, be opened and extended Westward from the West line of North Baker Street to the West line of a tract of land now owned by F. A. Marks and M. J. Marks, and that the same be opened and extended through, over and along the various tracts of public and private property over which the land being necessary to be taken passes as and for a public street, and that all of the said land deemed necessary to be taken be taken, condemned and acquired as and for a public street. That the private land deemed necessary by this Board to be taken, condemned and acquired for the opening and extension of said West Washington Avenue (except land in North Bristol Street) is situated in the City of Santa Ana, Orange County, California, and bounded and particularly described as follows, to-wit:

1. Commencing at a point on the West line of Section 12, T. 5, S. R. 10, W. S. B. M. 1234.3 feet South 00 degrees, 40 minutes W. of the N. WILL BUILD OF CONCRETE

Holly Sugar Co. Decides Upon
Material to be Used in the
Main Structure

Huntington Beach News: The Holly Sugar Company has definitely decided to construct its main factory building here of concrete. The design of the structure is exceptionally attractive and it is claimed that it will be the handsomest sugar factory in the state. A photograph, taken from the architect's plan, will shortly appear in the News.

James E. Brunton began last Friday the delivery of five hundred yards of gravel at the grounds. The

price contracted for is a dollar and a half per yard. Tracks, frogs and other material for making connections with the Pacific Electric railway and for laying tracks in the factory yards reached the Southern Pacific mechanics here on Tuesday. Work was begun at once.

Excavating for the sugar warehouse is now complete. The work of laying the foundations will begin this week and a sufficient force of men will be employed to hasten it as fast as possible.

Buys Machinery

William Swall of Tulare is here for the purpose of purchasing a part of the machinery and supplies of the Huntington Beach cannery. Mr. Swall is vice-president of the Tulare cannery.

The mortgage on the local concern has been liquidated and the entire plant is now clear of incumbrance. On Tuesday, representatives of the Diamond Lumber and Wrecking Company of Los Angeles were here to bid on the work of wrecking the plant. All the lumber will be sold here and will find ready use.

POSSESSION OF A RANCH CONCERNED

Lorenzo H. Green, through his attorney, F. C. Spencer, has brought suit against J. P. Mayhew for possession of a ranch near Anaheim. The complaint filed in the case states that Mayhew took possession of Green's ranch on Dec. 1 and refuses to give up possession.

NOTICE OF STREET WORK

NOTICE is hereby given, that the Board of Trustees of the City of Santa Ana, on the 5th day of December, 1910, did pass, approve and adopt a Resolution No. 519 of the City of Santa Ana declaring its intention to improve a portion of West Fourth Street, in said City, requiring the construction of an asphalt concrete pavement between the West line of Parton Street and the West line of North Baker Street, according to Specifications for said asphalt concrete pavement, and to order the following street work done, to-wit:

That the public interest and convenience require and that it is the intention of the Board of Trustees of said City to improve West Fourth Street and to order the following street work done, to-wit:

That West Fourth Street, in the City of Santa Ana, between the West line of Parton Street and the West line of North Baker Street, be improved by the construction in the roadway thereof of an asphalt concrete pavement, except along such portions of West Fourth Street between said points where an asphalt concrete pavement has already been constructed to the official line and grade thereof, and except where as is required to be kept in order or repair by any company or person having railroad tracks thereon.

The foundation for said pavement shall be excavated to the proper sub-grade and the sub-grade shall be parallel to and five (5) inches below the finished surface of the work, and all earth and other materials shall be removed from the roadway or filled where necessary to make the sub-grade conform to the specifications thereof.

Upon the asphalt base thus prepared shall be laid an asphalt wearing surface composed of asphalt cement, sand and finely powdered carbonate of lime. Said base and asphalt wearing surface shall be heated and rolled as re-

Notice thereof by the Superintendent of Streets shall be published.

The Superintendent of Streets shall and he is hereby directed to post notices of the passage of the Resolution according to law, and he shall cause a similar notice in substance to be published in said newspaper for six (6) days.

That the City Clerk is hereby directed to publish the Resolution of Intention in said newspaper for two (2) days and to post the Resolution for two (2) days conspicuously, on or near the Chamber Door of the Board of Trustees.

That all proceedings and all work for the paving of said West Fourth Street between said points heretofore are hereby rescinded, repealed and are void.

Reference is hereby made to said Resolution No. 519 of the City of Santa Ana, dated, passed, adopted and approved on the 5th day of December, 1910, for further particulars.

Dated City Hall, Santa Ana, California, December 15th, 1910.

C. R. WARD,
Superintendent of Streets of the City of Santa Ana, California.

**NAVAL OFFICERS WILL
ENTER CURTISS SCHOOL**

LOS ANGELES, Dec. 15.—Glenn Curtiss last night confirmed the dispatch from Washington that the Secretary of the Navy had accepted the invitation extended by Mr. Curtiss to have naval officers attend the Los Angeles School in Aeronautics, which will be held after the big aviation meet.

Mr. Curtiss said his New York office wired him that the invitation had been formally accepted. This means that a number of naval officers will make Los Angeles their headquarters during the latter part of the winter.

This school undoubtedly will lend impetus to the movement designed to install the aeroplane in the navy as

part of its permanent fighting apparatus, is the belief of the aviators here.

DEBATERS TO MEET TONIGHT

Santa Ana Will Have It Out With Anaheim on High School Rostrum

Tonight, Dec. 16, at 8 o'clock, in the High School auditorium, Santa Ana High School and Anaheim High School will contest. The question for debate will be: "Resolved, that the standing committees in the House of Representatives should be elected by the House." Santa Ana will uphold the negative of the question. She will be ably represented by Loren Mead and Bertrand West, who have spent much time and energy in search of all available material on the subject, and in preparing their argument. The debate is to be extemporaneous, no set speeches being permitted. A good, first class, up-to-date and educational debate is guaranteed by Santa Ana. Reports from Anaheim state that they are sending two very strong debaters, who will make the boys work for the honors they receive. The admission price is ten cents.

BASKETBALL IN MORNING

Santa Ana and Huntington Beach to Mix on Court Here Tomorrow

Tomorrow at 10 a.m., the Huntington Beach basketball forces will invade Santa Ana. Early in the season practice games were played between the boys' and girls' teams of the two schools. In the boys' game Huntington Beach won by a one-sided score, while the Santa Ana girls won in their game.

In tomorrow's game the Huntington Beach boys are conceded the big end of the score. The home boys hope to make the margin as small as possible. It is doubtful if the beach team has improved its form from that of six weeks ago, while Santa Ana has certainly done so.

Santa Ana is pinning her hopes on her girls' team. The Huntington Beach girls may have improved their playing since the early game, but so have the locals. With a disorganized team Santa Ana lost to Orange, but the next Saturday the regular line-up won easily from Corona, doing fine work. The same class of playing should win tomorrow.

From the Santa Ana girls' standpoint this game means a great deal, as to the county championship. A victory means there is still a chance, as another Orange game is to be played; a defeat means a very great dimming of the prospect. It looks to be a chance to see the championship girls play, at any rate.

The boys will line-up: Oertly and Reed, forwards; Barker, center; Reeves and Dolg, guards; Schenck, Jacques, Phillips, Wilcox and "Brick" Grouard may be used also.

The girls' line-up will be Misses Playan and Witt, forwards; Conder and Lutz, centers; Edwards and Perkins, guards. The referee will be from Orange.

APRICOT GROWERS MEETING TOMORROW

The secretary of the Orange County Dried Fruit Association has sent out notices to members of the association of a stockholders meeting to be held at 2 o'clock tomorrow, Dec. 17th, at the City Hall. The directors have some propositions to present to the members with reference to the conduct of the association's business for next year that ought to prove of great interest to each apricot grower.

For some time past the board of directors has been working on plans for the future, and is now ready to ask the approval of the stockholders on the matured plans. In order to be successful it is well to make an early start and a good attendance is looked forward to. The business interests of the association should be put upon a solid basis.

WHAT TO DO IS PROBLEM

Judge West Takes More Time to Decide Case of Confessed Burglars

Judge West has a sociological problem before him in Harry Bancroft and H. C. Sanders, who yesterday afternoon pleaded guilty to burglarizing a book store at Orange. The judge has also an opportunity to study and read human nature. He has an opportunity to pick out the wheat from the chaff, or determine whether or not it is all wheat or all chaff.

Yesterday afternoon he concluded to put sentence over until this morning. This morning he continued sentence until next Tuesday at 10:30 o'clock. He hopes to be able to get more light.

Bancroft is either a hardened criminal or merely a happy-go-lucky ne'er-do-well. He told the judge that he is an Englishman, that he has knocked about the world a good deal, that for two years he was a cook and waiter at Wallace, Idaho. He rode brake-beams and followed the hobo life to a certain extent. He declared the burglarizing of the Bird Book Store was his first burglary. He said he suggested the theft, and he cut the screen. After cutting it, he ran away for a while.

"Why did you run away?" asked the judge. "Somebody coming?"

"No, I was scared."

"You impress me as being a good-natured fellow," said Judge West. "Troubles slide off of you like water off a duck's back. It doesn't make much difference to you what happens."

"Well, that is the way a young fellow goes to feel if he gets to spending his time hanging about the streets."

Sanders is 20 years of age, and evidently has been used to getting out of scrapes. As yet he seems not to fully realize that he may go to the penitentiary. His answers were rather curt. He said he has a mother and two sisters living in St. Louis.

In the case of Bancroft, he may be a hardened criminal pretending, or he may be telling the truth. In the latter instance, one might guess from his manner that Bancroft is somewhat simple minded. In Sanders' case, the degree of his hardness is a problem.

ARTICLES FILED BY THE HOLLY SUGAR CO.

A copy of the articles of incorporation of the Holly Sugar Co. was filed with the county clerk yesterday. The copy was certified to by the secretary of state of Colorado, in which state the company is operating two big sugar factories. The articles of the company were filed on Oct. 26, 1905. At that time the company was capitalized for \$1,500,000. On Aug. 8, 1907, the capital stock was increased to \$5,500,000. The original directors of the company were K. K. and G. B. Schley, Michael Gavin, Dennis Sullivan, W. K. Bryan, H. C. James and William M. Powers. The Holly Sugar Co. is now building a factory at Bolsa station near Huntington Beach, and will have it in operation next August.

It is Time to Choose Gifts

Waiting until the last day before Christmas to select gifts invariably means disappointment for the giver and less satisfaction to the recipient. People who choose gifts early get the cream. Don't be a late one to take what's left.

Every Kind of Good Gift is Here

A visit to our store now will settle all your gift giving problems. Don't waste your time seeking elsewhere, but come here first. Holiday money goes farther here, too, than most anywhere else because we bought heavily and right.

FINE SOAPS

Good Soap makes a good gift. There's no question about it's being a sensible gift, while the dainty soaps of today are so attractive as to furnish the beauty element that is so often thought necessary in a gift.

Ask to see "Violet Dulce."

CUT GLASS

There are not many gifts so altogether satisfactory to a woman as a piece of rich cut glass. Its dazzling beauty, usefulness and durability make it a perfect gift.

COLLAR and CUFF CASES

Does he sometimes have to say "Where're my collars?" Don't afford the occasion that will call forth such a question. Secure one of our collar and cuff cases and you will have a place for his laundry.

INDESTRUCTIBLE DOLLS

We have a good supply of "Baby Bumps," those beautiful new indestructible dolls. It is impossible to break their heads. Our price \$1.25.

We have a nice line of "Roly Poly" Clown Dolls, too, that you can't upset. 15 cents to \$1.50.

We have just hinted at the things we have to show you for Christmas gifts. We have gifts here for everyone—father, mother, sister, brother, sweetheart, aunt, uncle and cousin and the baby. Gifts, too, that everyone will appreciate. Gifts that are useful, and will not be put aside the day after Christmas, but will long remain as a token of your esteem and love.

GOVERNOR JOHNSON MUST UNTANGLE NUMEROUS SNAGS

Definite Rules Needed Governing Filling of State Boards and Commissions
Not Definitely Fixed by Law

SACRAMENTO, Dec. 15.—One of the first questions which will come before Governor Hiram Johnson to decide will be the establishment of some policy or definite rules governing the effect of gubernatorial appointments to the various state boards and commissions, in cases where the term of office is not definitely fixed by law.

During the past two administrations confusion has arisen to so wide an extent that it will take two succeeding administrations following some consistent policy to restore order, or, else a series of legislative

enactments, or judicial decisions, to cover all cases.

Legislative Neglect

The framers of the Constitution of California provided for this question so far as to limit the term of office to a fixed period, but left it to the legislature to define the beginning and ending of a term, which in most instances the legislature has failed to do. Aside from judicial terms, and those of the regular state officers and members of the legislature, the constitution provides only for the terms of the State Board of Prison Directors, ten years, and the Board of

Regents of the University of California, sixteen years, respectively, the latter being established by constitutional endorsement of the organic act creating the university, passed March 23, 1868.

Section 16 of Article XX of the Constitution reads as follows:

"When the term of any officer or commissioner is not provided for in this constitution, the term of such officer or commissioner may be declared by law; and, if not so declared, such officer or commissioner shall hold his position as such officer or commissioner during the pleasure of the authority making the appointment; but in no case shall such term exceed four years."

New Section

In the beginning of the term of Governor George C. Pardee, in order to determine the application of this provision of the constitution, in certain cases, the legislature of 1903 added a new section to the Political Code, which reads as follows:

"1003 A.—Except in the instances otherwise provided in the constitution, whenever a person has been or shall be appointed by the Governor, or by the Governor by and with the advice and consent of the senate, to fill a vacancy in any office, or to fill an office after the expiration of the preceding term, the appointee holds office only for the balance of the unexpired term as provided by the law creating the office."

Causes Disorder

This new section, instead of preserving order, was the means of bringing about the very condition of disorder which now exists.

On May 9, 1903, H. A. Thompson was appointed a Port Warden for the port of San Francisco, vice Charles H. Spear, who resigned to take the presidency of the State Board of Harbor Commissioners. In regular succession Spear's term would have expired April 6, 1907. At the legislative session of 1905 the appointment of Thompson was confirmed, as well as that of R. E. Nickel, who had been appointed vice self, term expired. Nickel's term had overrun some time before he was reappointed but his regular term would also have expired in 1907. In 1905, following confirmation, commissions were again issued to Thompson and Nickel, for the term ending in 1907.

In April of 1907 Thomas Wallace and John Leale were appointed by Governor Gillett to take the places of Thompson and Nickel, whose terms were supposed to have expired, but who refused to surrender their offices, claiming four years from the date of their last appointment. An action was brought by the state in the First District Court of Appeals, which decided that Thompson and

Nickel could not be ousted. The decision, as reported in volume 9 of the California Appellate Reports, at page 783, after considering section 1003 a, reads in part as follows:

Perpetual Motion

"Where the term is fixed at a given period of time only, and no particular date is established for the beginning or ending of the term, such term is said to run with or is attached to the officer, and does not run with, and is not attached to, the office. In other words, a new term does not commence upon the determination of the preceding term until the appointment of a new incumbent, or the reappointment of the person in office to a new term. The time that a particular incumbent holds over after the ending of his proper term has been called a prolongation of the old term. It is in no sense a new term. The new term begins only upon the making of a new appointment."

Wallace and Leale were eventually reappointed and took their seats in 1909. Previous to this time, there had been some attempt made at preserving the continuity or sequence of the terms of members of those boards, the beginning and ending of whose terms were not definitely fixed by law, but following that decision appointments were made for four years from the date of appointment, without regard to the time when appointment was made or the manner in which the vacancy occurred. Nearly all the boards were affected by this decision. The Trustees of the State Normal Schools, whose term is definitely fixed by law as commencing on the first day of July and running for four years, and so arranged as to expire in succession, were the most notable exceptions, but in other cases, it became merely a matter of a ruling by the governor's office as to whether the decision should apply to any particular board, when a vacancy occurred. As among the various acts creating boards or commissions there are no two which read alike, and as most of them are obscure as to the fixing of the terms, as to beginning and ending, an individual ruling had to be made in each case, but in general the rule of four years from date of appointment was made to apply.

Harbor Commission

One of the first questions which will come up for settlement will be the matter of the confirmation of two members of the Harbor Commission for the Bay of San Diego.

On March 16, 1907, Charles W. Oesting was appointed as a commissioner, vice self, term expired, and on January 15, 1909, his appointment was confirmed by the senate. A new commission was then issued to him, which would have the effect of extending his term four years further, after he had served two years awaiting confirmation. On April 16, 1909, L. A. Creelman and Fred W. Jackson were appointed commissioners, to fill vacancies, and these two will come up for confirmation at the session commencing in January, 1911.

An ordinary reading of that portion of the Political Code which provides for the San Diego harbor Board would convey the idea that it was the intention that the terms of office of the commissioners should expire successively, and in that case Oesting's term would expire in the regular rotation in 1911, Creelman's term in 1912 and Jackson's in 1913. It is claimed, however, that the terms of all three will not expire until 1913, four years from the date of their appointment, thus upsetting the intent of the act creating the commission.

By this rule the Insurance Commissioner gained about three months on his term, as a new commission was issued to him after his confirmation by the senate at the special session in September of 1910, and the term of the State Board of Health was shoved ahead sixteen months, as the seven members thereof were appointed in May and June of 1909, confirmed at the September session in 1910, and new commissions issued, veading for four years.

Hospitals Affected

The Boards of Managers of the State hospitals have all been affected by this rule, and considerable readjustment had to take place as to expiration of terms, which had previously been figured with regard to regular four-year succession.

The act creating the State Board of Charities and Corrections provided that the members should classify themselves by lot so that two should go out of office in four years, two in eight years, and two in twelve years. The members did so classify themselves, but as the act provided for a series of terms in excess of the constitutional provision which placed

(Continued from Page 9)

the limit of a term of four years, it is thought that that portion of the act is unconstitutional, and it is undecided whether the members hold office at the pleasure of the governor or for four years from the date of appointment.

Latterly the governor's office has determined that where an appointment is made to fill a vacancy caused by resignation or death, the appointment is made only for the unexpired term of the person who resigned or died, but that when a reappointment was made, it runs for four years from the date of the reappointment of the incumbent, regardless of the time he might have held over after the expiration of his former term. Under this construction some of the boards are now made up in part of members who are serving out regular four-year terms and in part of members who are serving four years from date of appointment, thus destroying the continuity of the terms of their regular succession.

Rule Applied

Applying this rule to the San Diego Harbor Board, it would cause Oestling's term to expire in 1913, Creelman's in 1912 and Jackson's in 1913, which would still be in conflict with what is thought is the apparent intent of the act creating the Board, that the terms of its members should expire successively. In the case, however, of the port wardens of San Francisco, settled by the Appellate Court, Nickel was appointed to fill a vacancy caused by a resignation, and the court held that, regardless of that fact, he was entitled to hold office for the full term of four years from the date of his appointment, and that the unexpired term cut no figure in the case. It is thought, therefore, that this ruling of the governor's office is not exactly consistent with the decision of the court.

The San Diego board is taken merely as an example, for there are others. In some instances commissions have been issued reading simply for the term "prescribed by law," leaving it to some future authority to determine what was the lawful beginning and duration of the term.

In view of this unsettled state of affairs there is some gossip as to the manner in which the question will be handled by the governing administration. As it seems almost impossible to establish any rules or enact any general provision which would cover all cases, the situation might furnish an excellent reason for re-enacting all those indefinite provisions wherever they occur, affecting terms of office, and incidentally perhaps, providing for the appointment of a brand new set of boards and commissioners in a number of instances.

Bad Breath

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. Two weeks ago a friend recommended Cascarets and after using them I can willingly and cheerfully say that they have entirely cured me. I therefore let you know that I shall recommend them to any one suffering from such troubles."—Chas. H. Halpern, 114 E. 7th St., New York, N. Y.

LOS ANGELES PRODUCE MARKET

The apple packers of the state are drifting into Los Angeles every few days to inspect the market. They have about cleaned up their lines and are just watching the storage stock move out. One of them yesterday stated that Los Angeles was one of the best apple markets in the entire United States. More than 800 cars of the fruit have been handled here this year, less than a third of that number being still in storage. A few

apples are coming from Santa Rosa, where storage facilities are obtainable. The majority of the apples still received are from the Hood and Rogue river countries, where the latest varieties in the United States are produced and held for holiday shipment. Utah is also shipping in an occasional car. The fruit received here at this time is of the Spitzenberg, Winesap and Roman Beauty varieties. Yesterday's receipts were only 108 boxes, a very clear indication of the fact that the end of the receiving season is not far off.

Arrivals of eggs were only 54 cases. The market was firm with this report of receipts. Sales of case count were up to 36 cents. There was a good demand for storage stock and considerable Kansas eggs, extra fancy pack, storage paid to date were sold at \$7.50 per case.

Butter receipts were 21,360 pounds. Eastern storage butter is in very good call. There is a daily demand for it and prices are holding up well. Of the local grades, ladle butter sold better than others.

Oregon storage daisy sold freely on the cheese list at 16 1/2, eastern daisy fresh sold at 17 1/2 and Swiss imported brought 28 cents in several reported sales. There were no changes in quotations. Total arrivals were 2810 pounds.

Potato receipts were 3856 sacks. There were no changes in the spot market and sales were rather light. A car of onions came in from San Francisco. The onions were of good quality. A number of dealers are having the usual trouble with their heavy holdings. The onions are sprouting and are so damp that it is not an unusual thing to see onions spread out for several hundred feet to dry in the sun.

There were no bean receipts reported. A few limas sold at \$4.85 and a few small whites were also traded at prevailing figures. Receipts of sweets were 215 sacks. Arrivals of the commodity were sufficiently large to keep the market weak. Several jobbing sales at \$1.75 were reported.

There was a very weak feeling in tomatoes. They are moving along in a very drabgy fashion and the long warm weather is holding the crop longer than has been known in five years. Bell peppers are selling at 4 and 5 cents on the best. Egg plant is worth only 4 cents. Other vegetables are not very firm.

AMENDMENTS ARE DISCUSSED

Orange Post Says As a Whole
the Proposed Changes
Should be Made

The Orange Post, in discussing the proposed amendments to the constitution and by-laws of the S.A.V.I. Co., says:

"The only one that is not sufficiently explicit is that about the treasurer. Under the present by-laws the treasurer's salary is limited to \$100 per year; but no salary has been paid for a long time, because the bank of Or-

ange offered to take care of the money without compensation and was consequently appointed treasurer each year. It has been a question in the minds of some of the directors in the past whether a corporation could be treasurer of another corporation; but so long as the arrangement eliminated the salary of the treasurer nothing was said about it. Now, however, provision is being made for the selection by the directors of a depository for the company's funds, and at the same time the old arrangement for a personal treasurer to be appointed and required to give bonds is retained, but without any limitation upon the salary that might be paid him by the board. While such treasurer would be required to deposit the money in the bank selected, still unless he was interested in such bank friction might arise between them, seeing that he and not the bank would be under heavy bonds for the safety of the money. Of course, the board might select the depository first and then appoint one of the officers of the selected bank as treasurer, stipulating with him that he will serve without salary and requiring him to furnish ample security; but the matter should have been definitely arranged in the by-laws in some form or other. However, no trouble need be anticipated over the matter, if it is started right.

"Taken as a whole, the amended by-laws are a decided improvement over the old ones, and should be supported by every stockholder to the extent of his ability."

LABEL SWEET AS VALENCIA

To do so is said to be a Probable Violation of Pure Food Law

California Cultivator: It is reported that some shippers have labeled Mediterranean Sweets as Valencias. The matter seems to be in the eastern papers, and in one we note it has been reported to Secretary Wilson, who suggests that such action is in violation of the pure food and drug act. It seems that it should not be necessary to invoke the operation of that act in regulating California orange and lemon shipments, but if we have dishonest shippers we will be glad if Mr. Secretary will call them hard. Secretary Wilson says in reply to a letter:

"We have your inquiry regarding the labeling of Mediterranean oranges as Valencia oranges. This, in my opinion, is clearly in violation of the pure food and drug act and if you can give us any definite information as to the parties so labeling, we will be glad to receive same and will take such steps as we are able to prevent this misbranding."

Christmas Goods at G. A. Edgars

This year we have a much larger stock than we have ever before carried

—OF—

Cut Glass and China

In China Dinner Ware we carry thirteen open stock patterns from either of which you can select a set of any desired number of pieces. We also have all the special sets and single odd pieces in a variety of designs.

Our stock of Cut Glass is easily the most complete to be found in Santa Ana and includes pieces of all kinds.

China for Children

Something new in our china for the young folks is our Mother Goose series. The ware is genuine imported china decorated with six different subjects from Mother Goose: Jack and Jill, Little Miss Muffit, Little Bo-Peep, Little Boy Blue, Jack and the Bean Stalk, and Little Jack Horner. There are all kinds of pieces for children beautifully decorated with the above subjects—plates, mugs, mugs and milk sets, pitchers, candlesticks, etc.

Don't miss seeing our line of Christmas China.
